Office of the Executive Engineer (Ele.), O&M Division, GESCOM, Humnabad-585330 gescom.karnataka.gov.in

Date: 9 DEC 2022

No: HBD/EEE/AEEE(O)/AE(T)/F-126/2022-23/ 879H-99

Proceedings of the HT consumer interaction meeting under the chairmanship of the Chief Engineer(electy.), O&M Zone, GESCOM on dated 30.11.2022 at 11 AM at Meeting Hall, O&M division, GESCOM, Humnabad.

Members present : List enclosed

1- 43 1

- At the outset the Superintending Engineer(Ele), O&M Circle, GESCOM, Bidar welcomed the Chief Engineer(Electy), O&M Zone, GESCOM, Kalaburagi to chair the meeting and all the officials of GESCOM/KPTCL and the consumers present in the meeting and the following complaints/issues were discussed.
- 1. IIT-2 BasavaKalyan Engineering College: Sri. Premsagar Patil & Sri. V.B Bhusare representatives of the B.Kalyan Engineering College expressed that, the contract demand for the college is 100 kVA but the highest recorded demand is only 25 kVA on monthly basis and hence reduction in load is required. The Chief Engineer(Electy.) informed the college representatives to get confirmed with the total maximum required load for college and if reduction of load is required then application for the same to be registered at Humnabad O&M division office which will be processed later. It was also discussed regarding maintenance of the LT line and poles inside the college premises and clarified that, after metering point all the electrical apparatus are to be maintained by the consumer only and GESCOM officials are always ready for any kind of co-operation and guidance in this regard.

[Action: By M/s. Basava Kalyan Engineering College]

 MEKHT-02 M/s. L&T IDPL : Sri. Shivaraj representative from M/s. L&D IDPL requested for considering RR No. MEKHT-02 for TOD. The same was discussed and the Chief Engineer(Electy) instructed AO, Humnabad to process the application on priority.

3. M/s Himalaya steel Industries: The representative of the industry informed that a GOS exists in front of the main gate of the industry but not in operating condition and requested to repair the same. The Chief Engineer(Electy) istructed AEE/Humnabad to attend the same within 3 days. [Action: By the AEE, O&M subdivision, Humnabad]

The AEE/HT Rating s/d, Bidar expressed that, there exist 3 phase 3 wire HT metering cubicles which are required to be replaced with 3 phase 4 wire HTMCs. The AEE/B,Kalyan replied that, BKHT-17 and BKHT-15 both HT installations pertaining to government departments are existing with

7

with 3 phase 3 wire HTMC and are under disconnection and the consumers are paying fixed charges monthly and hence the existing HTMC will be replaced while re-connecting power supply.

The Chief Engineer(Electy) instructed all the sub divisional officers to ensure bills of all HT installations are generated through ONLINE system only and billed copy is to be sent to all HT consumers before 5th of every month. Also all the officials of GESCOM and KPTCL to ensure minimum interruptions on the Industrial feeders.

The meeting was concluded with vote of thanks by EEE/Humnabad.
